## MARTIAL LAW NOT REQUESTED SAYS GOV. A. E. WILLSON

Railroad Company Asks Protection and Tells of Warnings.

Soldiers Will Camp Where it is Convenient.

NO TEMPORIZING WITH THEM.

Frankfort, Ky., July 30.—The report that Governor Willson has been requested by the Illinois Central railroad to declare martial law is untrue, though the railroad has written the governor that they have been notified by the night riders that if any more soldiers camped on its property its trains would be derailed. The governor has no power to declare martial law, as he has stated several times, the power resting with the Legislature.

The governor wrote a long letter to the Illinois Central, stating that the soldiers must camp on the best suited site, and that no stone would be left unturned to arrest any and all lawbreakers.

The substance of Governor Willson's reply to Vice-President Rawn, of the Illinois Central, is to the effect that the soldiers must eat and sleep somewhere, and if the railroad property is the best suited, then they have the power and right to camp on the railroad property or any other property, paying reasonable compensation for the occupancy of the property. He does not say he will have the soldiers ordered off the railroad property.

Gov. Willson, in his letter, declared that efforts at intimidation on the part of lawless-inclined people of Eastern Kentucky will be considered in the movement of troops or selection of camping grounds for soldiers in active service in that part of the state.

The governor adds: "There has been an attempt to prevent the Commonwealth's force from performing their duties by refusing them a place to stay and by making others afraid to let them stay on their premises or to buy provisions. Service of the Commonwealth is above private rights, and they can take a place to rest and camp without consent, after previously tendering compensation, so that if your right of way is the most suitable place to have a camp, it will be the officers' duty to locate there."

There will be no relaxation in the determination to restore law and order and to protect the people, and there will be no case in which the state guards will be prevented from having a suitable place to camp, rest, sleep and eat, and suitable supplies of food and water, and any effort to in this way prevent the protection of the people and upholding the law will be treated as an act of hostility to the Commonwealth.

### In Police Court.

The docket in police court this morning was: Branch of ordinance—Lavetta Duffy, colored, \$10. Using insulting language—Frances Thompson, colored, \$1 and no costs; Mollie Hayes, colored, continued until tomorrow.

## McCracken and Ballard Counties Are Organized For Improvement of Schools by State Federation

Teachers' Institute in Session This Afternoon at Woman's Club, Where Object of Improvement League is Being Explained.

La Center, July 30. (Special).—Ballard county was organized as a member of the Kentucky School Improvement League, of the State Federation of Women's clubs by Mrs. C. E. Purcell, of the Paducah Woman's club, yesterday afternoon. It is the thirty-seventh county in the state to be so organized and the third in the Purchase, Graves and Carlisle having been organized prior to this date.

Mrs. Purcell took advantage of the annual meeting of the Ballard County Teachers' Institute to organize the county. She addressed a large number of La Center citizens, in addition to Ballard county teachers. The greatest interest was shown in the movement at school betterment inaugurated by the state federation and immediate improvements in methods, buildings and equipment are looked for in the county.

Although the idea of a county league was first broached to the institute yesterday, they lost no time in putting the suggestion into concrete form with the election of the following officers: Dr. T. L. Baker, La Center, president; Miss Jennie Campbell, Kevil, secretary; Mrs. Roxie Davis, Barlow, treasurer; Mr. C. Anderson, Woodville, vice president of first county educational division; O. L. Miller, Kevil, vice president second educational division; Mrs. Belle Dunn, Wickliffe, vice president third educational division; Milton Showers, vice president fourth educational division. A meeting of the league will be held this evening to appoint a press committee and a committee to secure pictures of the school houses.

### McCracken County.

McCracken county will be organized as a member of the school improvement league this afternoon in a meeting of the county institute at the Woman's club building, by Mrs. C. E. Purcell. In August, Mrs. Purcell will go to Fulton and Hickman counties to organize leagues, and before the year is out, the western end of the state will be abreast of the middle section in this respect. Princeton has invited Mrs. Purcell but she does not know whether that city is within her territory.

Mr. M. Solomon left this morning for New York and the eastern markets to purchase his fall stock.

## TEACHERS LISTEN TO INSTRUCTIVE TALKS NEXT TO LAST DAY OF COUNTY INSTITUTE

Program For Tomorrow Contains Many Fine Features on School Work.

An appeal for the extensive use of the Bible in the public schools was made by Dr. M. E. Dodd, pastor of the First Baptist church, who conducted devotional exercises at the opening of the McCracken County Teachers' Institute this morning. The Bible as a text book was declared to contain the purest English, the best poetry, the best text book from a physiological standpoint. The minister emphasized the work of teachers in the past and urged upon them importance of their work inasmuch as they build character as well as convey "book learning."

Attending the institute today are a number of prominent educators who rendered assistance in the discussions. They are Prof. Henderson, of Nashville, Tenn.; Prof. Hurley, of Springfield, Superintendent Ferguson, of the Livingston county schools and Superintendent Carnegie and Professor Rouse, of Paducah. Professor Henderson will make a lengthy address to the teachers tomorrow.

Language, Mathematics, Science and Sociology, the four fundamental lines of thought and study were the subjects of a lengthy discussion by Professor Coates, this morning. The instructor showing the correlation of each with the usual text book studies in use in the county schools. After Dr. Dodd's address, Professor Dudley, superintendent of the Pembroke city schools, gave an address, which was followed by a report of the committee on rehearsals presented by Mr. Kirkpatrick dwelling on the essential points brought out at Wednesday's session of the institute.

### MOSQUITO BLAZE.

Frenzied people smoking out mosquitoes brought Nos. 4 and 2 five companies about 9:30 o'clock when an alarm came in from sixteenth and Tennessee streets. The residents in that part of the city had burned rags to rid themselves of the pests, and some wag thought it a good excuse to pull the fire box. When the firemen reached the box, they could not find any semblance of a fire.

## BOND ELECTION MUST BE HELD ON THE REGULAR DAY

The school board will be unable to hold an especial election for the bond issue, according to the advice of Wheeler, Hughes & Berry to J. K. Bondurant, president of the school board. The city charter provides that bonds may be issued by the school board at a special election, but the state constitution provides that the election for the issuance of bonds for schools shall come on the regular election day. The trustees are dubious about the favorable passage of the bonds on the regular election as the voters are so interested in the election of officers that school bonds are forgotten. However, the trustees have not given up hope, and by setting before the public the necessity of issuing the bonds a try will be made of getting the indorsement of two-thirds of the voters.

### WET—DRY.

Georgetown, Ky., July 30.—Commissioners who have been counting the vote in the recent local option election, which was at first thought to have given a majority for the wets, have decided to count three ballots in dispute in the engine house precinct, making the vote a tie. They were preparing to issue an official statement to this effect this afternoon when restrained by an injunction secured by the wets. This restraining order will be heard in about ten days.

## SPECIAL TERM OF CIRCUIT COURT AT MURRAY NEARING

Alleged Night Riders Will be Arraigned Before Judge Cook on Monday.

Much Interest Centers in Drawing of Jury

MANY WITNESSES FROM TRIGG

Murray, Ky., July 30. (Special).—Everything is in readiness for the opening of the regular term of circuit court next Monday, at which time the indictments against over fifty Calloway farmers for night riding will be tried. Sheriff Edwards and his force of deputies, assisted by the soldiers that have been stationed in the county nearly four months, have summoned a large number of witnesses, while a number of subpoenas were sent to Trigg county for witnesses for the defendants, and this causes many people interested in the cases to believe that some of the men will attempt to prove they were in Trigg county on night of raids, in which they are charged with being implicated.

An interesting feature of the preparations for the trial will be the manner of procedure in summoning a special venire of jurors, which undoubtedly will be necessary. Usually the sheriff is ordered to summon men without being restricted in any way, but owing to the prevailing conditions the list may be ordered drawn from the jury wheel. Strenuous objection would be made to this course by the prosecuting attorney, as the wheel was filled with names before night riders became a popular pastime in Calloway county and there undoubtedly are many names of night rider sympathizers if not night riders themselves, in the wheel.

As many of the recent depositions have been committed in this judicial district, presided over by Judge Thomas P. Cook, of this county, as judge and Denny P. Smith, of Trigg county, commonwealth's attorney, eyes of the law abiding citizens of the entire judicial district will be on the coming session of the court, which is the first held in the district for two months.

Among the defendants, who have been charged with being leaders of the night rider clans, are Joe Bell, a young school teacher, and Jake Ellis, a country blacksmith. Thomas Jones, a magistrate of the county, is also indicted and a great deal of interest centers in his case.

## SANFORD HALL AND STEPHEN FLEE TO STATE OVER RIVER

Louisville, Ky., July 30. (Special).—Mr. and Mrs. John Stephens, S. S. Hall and Miss Minnie Dean came to Louisville from Paducah today en route to Indiana. They are fugitives from the night riders, of Lyon county, and were state's witnesses. They are accompanied by Judge Crumbaugh, and County Attorney Krone, of Lyon county.

## MURDER MYSTERY Baffles Police OF NEW YORK CITY

New York, July 30.—The police are still working on the biggest murder mystery of years in the discovery of a woman's body burning in a bonfire in a lonely Greenpoint section. Fire and acids used before the burning made identification almost impossible. James and Joseph Ruddy, who discovered the body, were arrested. The police are wholly without a clue.

## MILLIONAIRE COLONY AFRAID OF FIREBUG

New York, July 30.—Many millionaires in summer colonies on Long Island have organized a vigilance committee to protect their homes from a firebug who has committed numerous depredations recently. They will maintain a patrol of autos nightly. They threaten to shoot any one caught starting a blaze.

## National Headquarters of Great Political Parties Are Being Made Ready For Occupancy at Chicago

Bryan Declares Independent Party Was Organized to Defeat Democracy and He Shows the Similarity of the Two Platforms.

Chicago, July 30.—This city is getting a real foretaste of coming political activity. The entire sixth floor of the International Harvester building is being fitted up for the Republican national headquarters. Active campaign management begins there next week.

The fitting up of the Democratic national headquarters at the Auditorium Annex also is in progress. Following the nomination of a state ticket the new Independence party is planning today for the campaign. Former Vice President Stevenson today opened headquarters in his canvass for the Democratic nomination for governor.

### Two State Elections.

Washington, July 30.—Republican leaders are centering their attention on Maine and Vermont, where state elections will be held in October. They hope to roll up enormous majorities for the effect on the national campaign.

### St. Louis After Card.

St. Louis, July 30.—Efforts are being made to get Taft and Bryan together on the same platform here during the campaign. The cornerstone of the New Coliseum, where it is expected many future conventions

will be held, will be laid August 26. The executive committee has invited both candidates to attend.

### Bryan on Hearst.

Lincoln, Neb., July 30.—Bryan issued a statement, regarding the Independence party platform, declaring that voters cannot accomplish anything under it, except the defeat of reforms. He estimates that the Independents' only purpose is to hurt the Democrats. He points out many planks similar to the Democratic platform. Either the Democratic or Republican party must win, however. The question before the voter is, will he assist in the defeat of the Democratic party, because he cannot get all he wants?

### Gompers Writes.

Chicago, July 30.—Samuel Gompers has written to George Perkins, head of the Cigarmakers' Union, denying that he ever sent the cablegram to Hearst, asking him to support Bryan, which drew the caustic reply from the New York editor. Gompers denied that he had anything to do with the cablegram.

### Sherman Remains.

Hot Springs, Va., July 30.—Taft arrived from Cincinnati after an eventful trip. He declared the story that Sherman will resign as his running mate and that Governor Sheldon, of Nebraska, will be substituted, is absurd. He received a letter from Sherman yesterday saying he will soon begin campaigning. Taft declined to discuss politics further.

Dr. C. E. Purcell has returned from a business trip to La Center.

## Hottest Day and Night of Year

Sour dispositions are not back of the painful expression seen on the faces of pedestrians today and yesterday. It was simply the hottest day of the year working on their physiognomies. Coupled with a temperature of 99, the recent showers operated to fairly roast Paducahans, inside or out-of-doors. The moisture-laden atmosphere was turned into steam, and this steam turned the city into a big radiator.

Residence districts noticed the heat really for the first time last night and the night before. Scarcely any breezes were stirring last night. As it was the lowest temperature last night was 77. Captain William Borneman, United States weather observer for Paducah, is conducting interesting experiments to see the relative temperatures in the business district and in the residence sections. He finds that where people sleep is from 7 to 10 degrees cooler than where they work.

His experiments explain the cause of the number of sun strokes in the tenement districts of a city. In the residence sections, where there are trees and room for the air to circulate, the heat of the day is moderated; but down-town, where streets and walls retain the heat with little possibility of breezes, the temperature remains high. In Paducah, there are three different degrees of temperature each night, each being materially higher than the other. From First street on Broadway to Sixth street the heat last night was 77; from Sixth street out through the solid residence district the temperature was around 68; from Fountain avenue to Twenty-fifth street where woodlands abound, the temperature was about 60.

Relief from the heat through thunder showers, is promised for tonight, and the Washington bureau announces that no prolonged hot spells will be experienced anywhere in the United States.

## FOUNTAIN AVENUE METHODIST TO BE UNDER ROOF SOON

Rapid work by the contractors will make the new Fountain Avenue Methodist church ready for the roof in two weeks, and the building committee in a meeting held this week, ordered bids for the slate roof to be in at the earliest possible moment. At the same meeting bids were ordered on four designs of seats for the auditorium, which are expected to be in by ten days or two weeks. These seats are to be of fine quality and will cost in the neighborhood of \$1,000.

When the annual conference of the Methodist church opens in November, the Trimble Street Methodist church expects to report through the pastor, the Rev. G. W. Banks, a completed new church. The first service in the new church will be held the first Sunday in November, if present plans do not miscarry, and a bishop of the church will preach the dedicatory sermon. Enthusiasm among the membership is unabated and few churches ever built in the conference can make a better financial showing for this church is practically paying as it goes.

Nine memorial windows of the highest quality of stained glass will afford the natural light to the church. Different members of the congregation have paid for these beautiful windows. The other furnishings in the church will be in keeping with the general high quality of the building.

## KY. REPUBLICANS ARE HARMONIOUS AND OPTIMISTIC

Postmaster F. M. Fisher, who has just returned from attending the Taft notification at Cincinnati, and the Republican state committee meeting at Louisville, expresses himself as highly pleased with the optimistic tone at Cincinnati and the excellent harmony that prevails among Republicans of Kentucky. The campaign committee chosen at Louisville is first class, he says. Especially gratifying is the recognition of the Fairbanks men in the selection of J. W. McCulloch, of Owensboro, for the committee. W. I. Thompson was sustained as chairman of the Henderson county organization. He was a Fairbanks man.

Offered Private Secretaryship. Evansville, Ind., July 30.—Urey Woodson, secretary of the Democratic national committee, was here today, and offered the position of private secretary to A. C. Salee, of this city, who will probably accept. Salee was formerly secretary to Thomas Taggart, former national chairman.

### CLEVELAND STATUE

Cleveland, July 30.—The Union League club is preparing to erect a bronze statue of Grover Cleveland here at a cost of \$100,000. It is expected the unveiling will take place March 18, Cleveland's 72d birthday.

## NAMES IN ORDER THEY APPEAR ON PRIMARY BALLOT

Democratic City Candidates Draw Lots For Position on Ticket August 6.

Do Not Expect to Have Any Money Left Over.

BRYAN CLUB HOLDS MEETING

Ballots in the Democratic primary August 6 can now be printed, as the committee in charge of the election, James M. Lang, Gus Rogers and W. A. Berry, drew the names of the candidates from a hat last night to determine who should head the ballot and the order of names for the rest. The result was as follows:

City Treasurer—1. Gardner Gilbert; 2. George W. Walters. City Jailor—1. W. T. (Billy) Read; 2. W. W. Clark; 3. Frank Smedley; 4. Jack Nelson; 5. Don P. Marton; 6. John Waynick; 7. Dave Whitis; 8. J. A. Prince; 9. Charles M. Grear.

Aldermen (5 to elect)—1. E. W. Baker; 2. T. Dan Fitzpatrick; 3. L. E. Durrett; 4. Ernest Lackey; 5. E. D. Hannan; 6. Charles T. Graham; 7. P. H. Stewart; 8. Joe E. Potter; 9. H. R. Lindsey.

Councilmen—First ward, George Hannin; Second ward, P. F. Lally; Third ward, Al M. Foreman; Fourth ward, 1. Charles Denker; 2. Andy Nieman; 3. Young Taylor. Fifth ward, 1. Dave Rittoff; 2. Charles Houser; 3. James P. McCarthy. Sixth ward, Robert J. Wilson.

School Trustees—First ward, E. J. Pettit; Second ward, Frank B. May; Third ward, Arch T. Sutherland; Fourth ward, James W. Leigh; Fifth ward, George H. Jacobs (short term) John Niehaus (long term); Sixth ward, Mole S. Price.

Fees for entering the races were \$25 each for city treasurer and city jailer, and \$2 each for aldermen and councilmen. This will total \$313 to the committee to defray all expenses of the primary. Any money left over usually is pro rated back to the candidates, but the committee this year does not expect to do more than barely get through without a deficit.

Bryan Club Meets. The McCracken County Bryan club held its second meeting last night just before the drawing for places on the primary ballot, and adopted by-laws and constitution. The meeting was called to order by County Attorney Alben Barkley. There were nearly 100 present including candidates and officials. Messrs. Ernest Lackey, Gus G. Singleton and Alben Barkley, the executive committee, reported the constitution and the club was named officially "The McCracken County Bryan Club."

Police Judge D. A. Cross started the campaign toward getting subscriptions from members. The first contributor was Edward West. The special finance committee was appointed by Mr. Barkley as follows: James M. Lang, John J. Berry, D. A. Cross, A. Y. Clay and Ernest Lackey.

With the business end of the meeting stowed away speeches were called for and Circuit Judge William Reed, Eugene Graves, Police Judge D. A. Cross, J. T. Ross, James M. Lang, W. T. Johnson and John J. Berry responded.

In the constitution the first and third Tuesday nights were made meeting nights, and by having a meeting twice a month the club hopes to increase its membership and arouse an interest. The club adjourned to meet August 18. The executive committee will meet with the members of the Central Labor Union with a view of arranging a proper celebration of Labor Day, September 7.

Bad Check Man Gone. That Paducah's bad check man has left for parts unknown is the belief of the police department as they have been unable to get an inkling of his whereabouts. No other checks, made payable to "J. E. Wallace," have turned up, and Chief Collins thinks the forger did not operate extensively.

### CANDIDATES AT BARBECUE

Paducah is stripped of candidates for county offices today as there are two barbecues and picnics on and the aspirants for public office did not lose an opportunity to shake hands and throw a few compliments to the farmers. One picnic was at McKinnis church, about 14 miles from Paducah, and the other was at Champy's bridge on the Mayfield road. Both picnics had stump speaking, and the orators were there with their eloquence.

## GULLETT'S ISSUE CHALLENGE

Murray, Ky., July 30. (Special)  
—Three straights from the Waverly, Tenn., baseball team, as yesterday afternoon the home lads won by a score of 10 to 9. The feature of the game was the work of both pitchers, and the base playing and batting of Dick Drahic, second baseman of Paducah. Out of the five times that Brahic faced Haywood he slammed out three hits, two of them being good for two sacks. The support that was given to both pitchers was ragged at times, and most of the runs were not earned. Waverly tied the score in the eighth inning, but in the final round Murray came to bat with determination. Duiguld hit a single,

and Brahic hit a beauty for two sacks. Cutchen kept up the good work, and got a single, scoring both men. Waverly made one score in the ninth inning, but the game ended with Murray in the lead by one score.

The score: R H E  
Murray ..... 19 11 4  
Waverly ..... 9 9 5  
Batteries: Murray—Miller and May; Waverly—Haywood and Foukes.

**Fulton Takes Third.**  
Fulton, Ky., July 30. (Special)  
—Fulton won the third game of the series yesterday afternoon from the Charleston, Mo., team when the local lads licked the visitors by a score of 7 to 1. Fulton batters secured eleven hits, while Charleston was allowed only three by Ward. The feature of the game was the fielding of Edwards and Davis. The batteries were: Fulton—Ward and Marber; Charleston—Warden and Hilburn.

**Gulletts' Challenge.**  
The Gulletts have issued a challenge to any good team for a game or series of games. The teams preferred are: John Hollan's Indians;

the Elks or Chess, Checker & Whist club. Some of the players in the Gullett lineup are members of the Knights of Columbus team, and this line is omitted from the challenge. The Gulletts are blood-thirsty, and the good amateur teams had better be on the lookout.

**Paducah Pitcher Winded.**  
With a bad bruise on his left arm, Lee Hart, the crack south paw pitcher of Paducah, has returned from Shelbyville in the Bluegrass league. Hart made good in a walk under the management of Arthur Long, an ex-Kitty league player, but one day while in the box a stunner struck him on his salary wing, and bruised the muscle so that he can barely heave the sphere. Hart was put in right field so that the team might get the advantage of his batting, but he could not throw the ball. Hart came home to rest up and as soon as his wing is healed he will return and twirl for Shelbyville.

## ROOSEVELT IS HIGHLY PLEASED

With Situation Throughout  
Country—Conference.

Bryan Will Answer Taft's Indictment  
of Democratic Platform in  
Speeches.

SAYS TAFT FEARS UPRISING.

Oyster Bay, July 30.—"President Roosevelt is very much pleased with the present situation of the country in general," said one of the participants in a conference at Sagamore Hill this afternoon.

He explained that the president is taking nothing for granted and that he is anxious to see the party everywhere working its hardest for the election of Judge Taft.

For over three hours today the president was in conference with Timothy L. Woodruff chairman of the New York state Republican committee, and Francis B. Loomis, of Ohio. Woodruff said they had talked over the national political situation and discussed the state situation only so far as it had bearing on the national situation. He said the president told them he would not interfere in local politics.

Loomis said he had been asked to come to Oyster Bay. He had informed Roosevelt regarding the situation in Ohio. He believed the outlook there was very favorable.

Bryan Will Answer.—Charg- ing that Taft was not satisfied with the work of the Chicago convention which nominated him as Republican candidate for the presidency, and that in consequence he is deeply im- pressed with the work of the Demo- cratic convention at Denver, Bryan to day issued a statement in which he expresses the opinion that Taft "fears an uprising which Republican abuses have caused, and yet hesitates to adopt his real and substantial re- forms."

The statement was called forth be- cause of the allegation made by Taft in his speech of acceptance at Cin- cinnati yesterday that Bryan was a destroyer of business. Bryan said he would discuss the subjects upon which the acceptance treats in speeches he is to make at Topeka.

He will discuss the guaranty of banks and contrast Taft's position with the Democratic position. At Chicago, on September 7, he will dis- cuss Taft's attitude on the labor ques- tion. Besides speaking at Topeka in August and Chicago on Labor Day, Bryan will attend the Democratic convention at Peoria September 9, the notification of Kern at Indianapolis on a date not yet fixed, and the Farmers' congress at Madison, Wis., about the 26th of September.

## NEW CHURCH

MAY BE ERECTED BY METHO-  
DIST OF TYLER.

Successful Revival Being Conducted  
There by the Rev. W. J.  
Naylor.

A successful revival is being led by the Rev. W. J. Naylor in Tyler under a tent. The revival is fairly under way now, and active work will be completed towards the erection of a Methodist church in Tyler. A lot has been donated for the building, and several hundred dollars have been subscribed for the purpose of erecting the edifice. No additions have been had to the membership roll, but every meeting there are a number of conversions. Sunday afternoon at 3:30 o'clock the Rev. J. W. Blackard will preach and also Monday morning at 11 o'clock. Mon- day afternoon the regular quarterly conference will be held.

"You get a good many kicks from dissatisfied patrons, don't you?"  
"Yes," replied the facetious laun- dman, "but we get more cuffs."—

ENJOY A SOCIAL EVENING AT  
ROGERS HALL.

Literary Program, Music and Re-  
freshments Help Pass the Time  
Agreeably.

Paducah lodge No. 14 of Railway  
Carmen and its auxiliary, the Ladies  
of the Loyal Star, held an interesting  
social session at Rogers hall and the  
Carmen and their families enjoyed a  
most pleasant evening. A delightful  
literary program of songs and recita-  
tions was given by the ladies and  
children, while several interesting  
talks "for the good of the order"

were made by Carmen. Music was  
furnished by the Dickey family of  
musicians and refreshments were  
served by the ladies during the even-  
ing.

Plans for New Building.  
Architect A. L. Lassiter is drawing  
plans for a building for the Green-  
ville Coal company to be erected at  
Powderly. It will be 44 by 100 feet,  
one story high, and of brick. The  
coal company will use it as a store  
house and general offices.

## PRIZES

ANNOUNCED FOR CONTESTS AT  
ILLINOIS CENTRAL PICNIC.

Two Crews Will Run Train and Side-  
track Will Be Cleared Ahead  
of Time.

Prizes for the contests at the pic-  
nic of the Illinois Central railroad  
employees have been secured by mem-  
bers of the committee, and they have  
been unusually fortunate. All of the  
prizes are worth striving for, and this  
will lead interest to the number of  
entries in the races, and contests.  
The prizes that have been announced  
are: Best lady waltzer—a pair of  
Oxfords given by Lendler & Lydon;  
best man waltzer—a box of 222  
cigars given by the Independent  
Cigar company; best looking old  
maid on the grounds—a Dutch piano  
given by H. J. Foreman; best look-  
ing single lady—a bottle of perfume  
given by J. P. Segenfelder; best man  
two steppers—a meerschaum pipe, given  
by J. D. Bacon; lady wearing the  
largest "Merry Widow" hat—a bot-  
tle of perfume given by H. W. Ellis;  
winner of the ladies' guessing con-  
test for entries under 40 years old  
—a can of Java coffee given by U.  
S. Walston; winner of the ladies'  
guessing contest for entries over 40  
years old—a side of bacon given by  
J. M. Marks; winner of the baby race  
for entries under three-year-old—a  
two and one-half pound box of candy  
given by C. H. Ford; winner of the  
fat man's race—a bottle of grape  
wine given by J. J. McGohn; winner  
of free-for-all race for entries over  
21 years old—a box of "High Flyer"  
cigars given by George Bondurant;  
winner of children's race for entries  
between 6 and 10 years old—a box  
of breakfast food given by W. K.  
Bowling.

In order that everyone may have a  
good time, and work may be forgot-  
ten for a day, two crews will be used  
by the railroad in running the ex-  
cursion train. One crew will have  
charge on the run to the picnic  
grounds, and then the members will  
be free for the rest of the day. The  
second crew will take the train to  
Paducah. Orders have been issued

by the railroad to have the side track  
cleared for the picnic train so that  
the employees will not have a fire-  
some wait before the stop is reached.  
Plenty of passenger coaches will be  
attached to the train, and a baggage  
car will be used for carrying the  
baskets of the employees.

## TOBACCO NEWS

Books Close Tomorrow.

District Organizer John M. Allen,  
of the Planters' Protective association  
left this morning for Marshall county,  
where he will spend the remaining  
two days of the month, campaigning  
for pledges for the growing crop of  
tobacco to the association. According  
to an edict issued by the executive  
committee of the organization, the  
"books close" tomorrow night at  
midnight, and those farmers who  
have not pledged their tobacco to the  
organization will be barred from do-  
ing so until next season, unless a  
change is made in the present order  
of things.

It is said that the greatest thing  
the organizers have to encounter is  
the fact that a large percent of the  
1907 crop of tobacco is on the mar-  
ket unsold and some farmers object  
to pledging this year's crop until the  
crop they now have on hand is sold.

# Danderine

Grows Hair  
and we can  
PROVE IT!

DANDERINE is to the hair what fresh showers  
of rain and sunshine are to vegetation. It  
goes right to the roots, invigorates and  
strengthens them. Its exhilarating, stimulating and  
life-producing properties cause the hair to grow  
abundantly long, strong and beautiful. It at  
once imparts a sparkling brilliancy and vel-  
vety softness to the hair, and a few weeks'  
use will cause new hair to sprout all over the  
scalp. Use it every day for a short time,  
after which two or three times a week will  
be sufficient to complete whatever growth  
you desire.

A lady from St. Paul writes in substance,  
as follows:  
"When I began using Danderine my hair  
would not come to my shoulders and now  
it is away below my hips."

Another from Newark, N. J.  
"I have been using Danderine regularly.  
When I first started to use it I had very lit-  
tle hair, now I have the most beautiful long  
and thick hair anyone would want to have."

NOW at all druggists in three  
sizes 25c, 50c and \$1.00  
per bottle

Danderine enjoys a greater sale than  
any other one preparation regardless of kind  
or brand, and it has a much greater sale than  
all of the other hair preparations in the  
world combined.

FREE To show how quickly Danderine

LABOR MEN ARE IN REVOLT.

Gompers' Attempted Dictation  
Arouses Ire of Unions.

New York, July 30.—A number of  
the labor unions of this city are in

open revolt against the efforts of  
President Gompers of the American  
Federation of Labor to force the  
union men to support Bryan. It was  
learned today that a meeting of rep-  
resentatives of thirty-one unions had  
been held in a hall in Harlem to ar-  
range for forming a new central fed-  
erated union, which will not accept  
dictation from Washington as to how  
their members shall vote.

## Daily Thought.

"Keep the wolf of worry from your  
door and the rest will take care of  
themselves."

The country doesn't need further  
reforming, so much as the making  
permanent of the reforms already se-  
cured.

Cleveland, Ohio, may have more  
citizens than Cincinnati, Ohio, but  
Cincinnati prides herself on the size  
and quality of them.

In all dealing between individuals  
the natural depravity of human na-  
ture will appear, whether it be in a  
stock manipulation or a horse trade.  
Laws against actual fraud and regu-  
lations to prevent restraint of trade  
and the right to traffic are possible;  
but there is a point where the work  
of the legislator ceases and that of the  
evangelist begins.

Announcement that the Interstate  
commerce commission intends to in-  
vestigate the increase in freight rates  
without waiting for complaints, may  
indicate some political significance be-  
hind the general advance, which was  
dictated by a source inimical to the  
present national administration.

The presence of Luke E. Wright,  
Confederate veteran, as secretary of  
war, succeeding William H. Taft, en-  
courages the hope that ere another  
national campaign is ended the solid  
south will have been broken and the  
great minds of the southland will  
again have opportunity to wrestle  
with the problems of statecraft. It  
seems a pity that such men as John  
Sharp Williams, Edward Carmack  
and Joe Bailey should be bound by  
local conditions and political herit-  
age to the role of opposition. Men of  
smaller calibre than they are big  
enough for that work. They have the  
initiative and the creative intellect  
that can fulfill their promise of pos-  
sibilities only when exercised in be-  
half of a policy of progress. Some  
time the statesmanship of the south  
will resume the rank to which it be-  
longs, but not while it is restricted to  
"viewing with alarm."

## THE FARMER VOTE.

The farmer will decide the presi-  
dential contest, just as he always  
does. Candidates and parties may try  
to placate this element and that, offer  
such and such inducements to certain  
classes to support the ticket; but  
over in the harvest field today is a  
great army of American voters, who  
presently will have threshed and sold  
their wheat. Then they will have  
time to cast up accounts and decide  
whether or not the Republican pol-  
icies have been a success. Country

banks have not had to call in loans  
and farmer folk have been heard to  
remark that they notice in the papers,  
which come daily by rural free de-  
livery, accounts of the financial strin-  
gency on Wall street. In Kansas, it  
is said that farmers are so prosperous  
they all own phonographs and piano-  
s, so they probably will purchase  
Bryan records and hear what he has  
to say in the autumn evenings. If  
the farmer has been prosperous the  
last four years and feels satisfied with  
the outlook, he probably will walk up  
and deposit a Republican ballot, as  
has been his custom for twelve years.  
If times are hard with him and he is  
feeling pessimistic, he will vote for  
Bryan. We will hazard a prediction  
on the outcome of the campaign,  
when we have heard the last word  
from the back districts.

WORK OF THE HOME  
OF THE FRIENDLESS

At a meeting of the board of  
managers of the Home of the Friend-  
less, held on Tuesday last, it was  
decided to make the brief statement  
which follows: In order that the gen-  
eral public of Paducah might bet-  
ter understand the problems of this  
board, and also that they may be in-  
formed of the work being done dur-  
ing these "hard times."

Since the stringency a great many  
inmates have been added to our al-  
ready large family. Of these, a num-  
ber have been sheltered temporarily  
and passed on, or restored to rel-  
atives or guardians. Twelve chil-  
dren have been found permanent  
homes in good Christian families.  
Work has been secured for a num-  
ber of women. During this period we  
have had never less than forty in  
family, and at the present our house-  
hold numbers fifty-two. Of these  
four are women, the remainder chil-  
dren, twelve of whom are under five  
years old. Providing for this num-  
ber on the same income that served  
but one-half as many a year ago, is  
the problem which confronts the  
board, and which they ask the public  
to share with them.

The number takes the capacity of  
the home to the utmost. Our build-  
ing was planned to accommodate  
about thirty, which was nearly twice  
our average family at the time of  
building. It is a serious question  
what is to be done with the next ap-  
proachments. More room and more  
means are badly needed if the work  
is to be successfully carried on.  
Trusting to the generosity of the pub-  
lic in the future, since they have  
never failed us in the past, we be-  
lieve the children will not be al-  
lowed to suffer. Perhaps someone  
who reads this may help us to secure  
homes for two bright, 9-year-old  
orphan boys. Also for a strong, cap-  
able woman, with a 2-year-old child.  
What would our poor do without  
this home?

MRS. ELBRIDGE PALMER.

President.

MRS. C. S. JOHNSON.

Secretary.

**Complain of Stagnant Water.**  
Residents on Madison street be-  
yond Sixteenth street are complain-  
ing of stagnant water in the gutter,  
and today they walked with Street  
Inspector Ernest Bell, who promised  
to lower a drain pipe at the intersec-  
tion of the streets in order that the  
water may drain off. Several years  
ago the residents tried to have the  
street inspector remedy the evil, but  
no action was taken.

GROCERYMAN ED STOKES  
MAKES AN ASSIGNMENT.

Mayfield, Ky., July 30.—Ed Stokes  
the well known grocer on the east  
side of the square, filed a deed of as-  
signment, naming Attorney L. O.  
Fulcher as the assignee. Mr. Stokes  
gives his liabilities at about \$550,  
with assets at about \$1,000, which  
consists of the stock of goods and all  
other property not coming under the  
head of exemptions. Mr. Stokes some  
time ago succeeded the late T. B. Mc-  
Neeley and has been doing a nice  
business, most of which was on  
credit. He has assets sufficient to  
pay off all claims but could not get  
the money at the time that his large  
creditors wanted it and therefore  
decided to make an assignment. Every  
creditor in due time it is thought  
will be paid off in full.

## INCREASED WHEAT YIELD.

Kansas Raised 200,000 Bushels More

Than Last Year.

Kansas City, Mo., July 30.—Kansas  
has raised about 2,000,000 bushels  
more wheat this year than it pro-  
duced last year, according to about  
500 reports of average yields per  
acre that have been received here in  
the last few days. These reports in-  
dicate a total winter wheat yield of  
a little more than 75,000,000 bushels.  
The final estimate by the state board  
of agriculture of the winter wheat  
crop of 1907 was 73,234,000 bushels,  
to which was added about 1,000,000  
bushels of spring wheat.

The crop is about 60 per cent of a  
full normal crop on the 7,000,000  
acres reported as planted last fall.  
About 600,000 acres were abandoned  
in the west on account of the drought;  
150,000 acres were lost in the east  
and central portions because of flood  
and excessive rain, and 175,000 acres  
were ruined by Hessian flies in the  
south and central counties, and all  
these factors cut down the yield on  
the remaining area. The average  
yield for the state on the area har-  
vested was a little more than 12½  
bushels.

Some of the important wheat coun-  
ties have almost normal crops, but in  
many counties the average yield is  
only ten bushels or less. Thirteen  
counties raised 40 per cent of this  
year's wheat crop.

With the spirits of dead and  
missing royalties and statesmen  
for spectators and in a maze of  
medieval intrigue and romance,  
the love affair of Shirley Clai-  
borne and John Armitage was  
brought to its happy conclusion—  
medieval, we say, and advised-  
ly, since, although the scenes of  
our tale are laid in, up to date  
Europe and Virginia, it is nec-  
essary to hark back to the quaint  
tales of the old time romancers  
for such stirring adventures as  
befell Shirley Claiborne of Vir-  
ginia and John Armitage of—  
where? Beautiful in the man-  
ner of southern maidens of high  
lineage, fine spirit and daring  
devotion was Shirley Claiborne,  
daughter of a famous diplomat  
and sister of Captain Dick Clai-  
borne, the best rider in the  
American army. Boldly she be-  
lieved in her lover, confident in  
her faith in him even when all  
her world had turned against  
him. And who was John Armitage,  
to whom so much love was  
given and around whom so many  
great affairs revolved? Read,  
and you shall learn from his  
story and his deeds of knightly  
bravery that the spirit of chivalry  
and loyalty still abides in the  
prosaic, workaday, modern  
world, ready at the call of duty  
to fight against intrigue, chican-  
ery, falsehood and crime.

## Chapter I

"EVENTS, EVENTS"

THE knowledge that you  
are alive gives me no  
pleasure," growled the  
grim old Austrian pre-  
mier.

"Thank you!" laugh-  
ed John Armitage, to whom he had  
spoken. "You have lost none of your  
old amiability, but for a renowned dip-  
lomat you are remarkably frank. When  
I called on you in Paris a year ago I  
was able to render you—I believe you  
admitted it—a slight service."

Count Ferdinand von Stroebel bowed  
slightly, but did not take his eyes from  
the young man who sat opposite him  
in his rooms at the Hotel Monte Rosa  
in Geneva. On the table between them  
stood an open dispatch box, and about  
it lay a number of packets of papers  
which the old gentleman, with char-  
acteristic caution, had removed to his  
own side of the table before admitting  
his caller. He was a burly old man,  
with massive shoulders and a great  
head thickly covered with iron gray  
hair.

He trusted no one, and this accounted  
for his presence in Geneva in March  
of the year 1908, whether he had gone  
to receive the report of the secret  
agents whom he had lately dispatched  
to Paris on an errand of peculiar del-  
icacy. The agents had failed in their  
mission, and von Stroebel was not  
tolerant of failure.

It was not often that the light in the  
old man's eyes was as gentle as now.  
He had sent his secret agents away  
and was to return to Vienna on the  
following day. The young man whom  
he now entertained in his apartments  
received his whole attention. He picked  
up the card which lay on the table  
and scrutinized it critically, while his  
eyes lighted with sudden humor.

The card was a gentleman's carte de  
visite and bore the name John Armitage.  
"I believe this is the same alias you  
were using when I saw you in Paris.  
Where did you get it?" demanded the  
unluster.

"I rather liked the sound of it, so I  
had the cards made," replied the young  
man. "Besides, it's English, and I  
pass readily for an Englishman. I  
have quite got used to it."

"Which is not particularly creditable,  
but it's probably just as well so."

"I hope you are well," said Armitage  
kindly.

"I am not. I am anything but well. I  
am an old man, and I have had no  
rest for twenty years."

"It is the penalty of greatness. It is  
Austria's good fortune that you have  
devoted yourself to the affairs of gov-  
ernment. I have read—only today in  
the Contemporary Review—an admir-  
able tribute to your sagacity in han-  
dling the Serbian affair. Your work  
was masterly. I followed it from the  
beginning with deepest interest."

The old gentleman bowed half un-  
consciously, for his thoughts were far  
away, as the vague stare in his small,  
shrewd eyes indicated.

"But you are here for rest. One  
comes to Geneva at this season for  
nothing else."

"What brings you here?" asked the  
old man, with sudden energy. "If the  
papers you gave me in Paris are for-  
geries and you are waiting?"

"Yes. Assuming that, what should I  
be waiting for?"

"If you are waiting for events—for  
events—if you expect something to  
happen?"

Armitage laughed at the old gentle-  
man's earnest manner, asked if he  
might smoke and lighted a cigarette.  
"Waiting doesn't suit me. I thought  
you understood that. I was not born  
for the waiting list. You see, I have  
strong hands, and my wits are—let us  
say—average."

Von Stroebel clasped his own hands  
together more firmly and bent toward  
Armitage searchingly.

"Is it true?" he turned again and  
glanced about—"is it positively true  
that the Archduke Karl is dead?"

"Yes; quite true. There is absolutely  
no doubt of it," said Armitage, meet-  
ing the old man's eyes steadily.

"The report that he is still living  
somewhere in North America is per-  
sistent. We hear it frequently in Vi-  
enna. I have heard it since you told  
me that story and gave me those pa-  
pers in Paris last year."

"I am aware of that," replied John  
Armitage, "but I told you the truth.  
He died in a Canadian lumber camp.  
We were in the north hunting. You  
may recall that he was fond of that  
sort of thing."

"Yes, I remember. There was nothing  
else he did so well," growled von  
Stroebel.

"And the packet I gave you?"—  
The old man nodded.

"That packet contained the Arch-  
duke Karl's sworn arraignment of his  
wife. It is of great importance in-  
deed to Francis, his worthless son, or  
supposed son, who may present him-  
self for coronation one of these days."

"Not with Karl appearing in all  
parts of the world, never quite dead,  
never quite alive, and his son, Freder-  
ick Augustus, lurking with him in the  
shadows. Who knows whether they  
are dead?"

"I am the only person on earth in a  
position to make that clear," said  
John Armitage.

"Then you should give me the docu-  
ments."

"No. I prefer to keep them. I as-  
sure you that I have sworn proof of  
the death of the Archduke Karl and of  
his son, Frederick Augustus. Those  
papers are in a box in the Bronx Loan  
and Trust company in New York  
city."

"I should have them! I must have  
them!" thundered the old man.

"In due season, but not just now.  
In fact, I have regretted parting with  
that document I gave you in Paris. It  
is safer in America than in Vienna.  
If you please, I should like to have it  
again, sir."

The pale in the old man's hands had  
increased, and he strove to control his  
agitation, but fear had never been  
reckoned among his weaknesses, and  
he turned stormily upon Armitage.

"That packet is lost, I tell you!" he  
barked, as though it were something  
that he had frequently explained be-  
fore. "It was stolen from under my  
very nose only a month ago! That's  
what I'm here for. My agents are af-  
ter the thief, and I came to Geneva to  
meet them, to find out why they have  
not caught him. Do you imagine that  
I travel for pleasure at my age, Mr.  
John Armitage?"

"The packet has been stolen?" ob-  
served Armitage calmly. "Whom do  
you suspect of taking it?"

The old man leaned upon the table  
heavily.

"That amiable Francis?"

"The suggestion is not dismaying.  
Francis would not know an opportu-  
nity if it offered."

"But his mother—she is the devil!"  
blurted the old man.

"Pray drop that," said Armitage in  
a tone that caused the old man to look  
at him with a new scrutiny. "I want  
the paper back for the very reason that  
it contains that awful indictment of her  
I have been uncomfortable ever since  
I gave it to you, and I came to ask  
you for it that I might keep it safe in  
my own hands. But the document is  
lost. Am I to understand that Francis  
has it?"

"Not yet. But Rambaud has it, and  
Rambaud and Francis are as thick as  
thieves."

"I don't know Rambaud. The name  
is unfamiliar."

**COLORADO JAIL PRISONER WEDS GIRL THROUGH BARS**

Cripple Creek, Colo., July 30.—Standing on a box under a window of the county jail, a minister at her side, Miss Grace Hodsell, daughter of United States Marshal Hodsell, of Ottumwa, was married last night to Prof. Hans Albert, a prisoner. The couple clasped hands through the barred window as the pastor made them husband and wife.

Miss Hodsell and Albert eloped last week and he was arrested on Saturday on a charge of insanity to prevent the marriage.

The girl induced the Rev. Mr. Inman of Goldfield, Colo., to join her cause and after admission to the jail was refused, they went around the building to a window, where the odd ceremony was performed.

**MANIAC TERRIFIES PEOPLE**  
Henry Sharp Escapes Breathitt County Officials.

Lexington, Ky., July 30.—Armed with a loaded gun and defying attempts to capture him, Henry Sharp is at large in the Breathitt county mountains, and it is feared he will commit some bloody deed before caught.

Sharp's mind has gradually weakened for some time and, becoming violent yesterday, he was overpowered and taken before County Judge Taubee at Jackson, who pronounced him insane and ordered him sent to an asylum. Before the officers from here could go after him, Sharp broke through the guard and fled to the hills.

When last heard from he had secured a rifle and was twenty miles from Jackson, and the people were fleeing from him. He is a relative of "Trickey" Tom Sharp, a member of the Hargis feud clan.

**WILLIAM STAMM'S SON IS FOUND WORKING ON FARM.**  
Chester, Ill., July 30.—William Stamm, a farmer living sixteen miles north of Chester, who has been in jail here since last Thursday, accused by his daughter, Maggie, 24 years old, with having killed her two brothers, was released from custody today.

Charles, the younger brother, has been found working for a farmer near Ivy Landing, in Monroe county, not more than 25 miles from home. He says his father ran him away.

**Victory for McCarran.**  
New York, July 30.—The appellate division of the supreme court, sitting in Brooklyn, decided today that Patrick McCarran is the leader of the Democratic party in Kings county, and must be so recognized by the board of elections. The decision reverses Justice Kelley, who decided that George D. S. Williams was the leader.

Many a man gets gay when it isn't his turn to furnish the amusement.

## NEWS OF COURTS

**In Circuit Court.**  
Suit was filed in circuit court today by the Southern Bitulithic Paving company against James E. Wilhelm, executor of the estate of Mrs. Ella B. Wilhelm, for \$499.99 alleged to be due the company for improving the street with bitulithic material beside defendant's property at Fifth and Jefferson streets.

T. E. Ashby brought suit against Hattie T. Ashby, etc., for a settlement of the estate of their mother, Margaret J. Ashby.

**WELCOME TO OLLIE JAMES.**

**Citizens of Marion Give Him Ovation on Return From Denver.**  
Marion, Ky., July 30.—A welcome was tendered to Congressman Ollie M. James here this afternoon when he arrived from Denver. The people, regardless of politics or creed, turned out and met the train, and headed by the Silver Cornet Band and numerous banners, marched to the court square, where former Senator Deboe delivered an address of welcome, which was appropriate to the occasion. Mr. James' response was short and to the point, and expressive of his gratitude. Judge Nunn, of the court of appeals; County Judge Blackburn and Mayor J. W. Blue also spoke. The town was in gala attire, flags and bunting being everywhere in evidence.

**FOLLOWED ALL OVER WORLD.**  
**FINALLY CAUGHT AT BOSTON**  
Kenosha, Wis., July 30.—Harvey Wells, who was arrested in Boston today, was formerly bookkeeper of the First National Bank in this city. He had been followed by detectives all over the United States and England. Wells will not be brought to Kenosha, but will be taken directly to Milwaukee for trial in the U. S. court.

**WOODSON GOES EAST.**  
Owensboro, Ky., July 30.—Urey Woodson, secretary of the Democratic national committee, left for New York this afternoon. He will meet Chairman Norman E. Mack and make arrangements for opening the eastern headquarters of the Democratic party in New York city.

**Deneen, If Loser, To Aid Yates.**  
Sterling, Ill., July 30.—Gov. Charles S. Deneen today made a flying automobile trip through Whiteside county, covering eighty miles and making eight addresses. On the trip he was accompanied by the leading Republicans of the country, including the mayors of eight different cities, postmasters, editors, bankers, merchants, and farmers. At one time there were twelve autos, carrying sixty people, in the flying trip.

The governor delivered addresses at Tampico, Phosphorstown, Lyndon, Erie, Albany, Fulton, Morrison, and Sterling. He declared that if he were defeated he would support his opponent, Yates, at the election, and that he would not say anything that would injure Mr. Yates if he should be nominated. Gov. Deneen, however, declared that instead of Yates being the "man of the hour" his managers should have called him the "man of all time."

**Gumplay for Mayor Rose.**  
Milwaukee, Wis., July 30.—A well known Democratic politician whose name is not given, while intoxicated entered the office of Mayor Rose with a drawn revolver, declaring his intention of killing the executive. He was disarmed by the mayor's bodyguard and no arrest was made. The man has been a lifelong friend of the mayor, but has not been given the political rewards he expected as a result of the mayor's election last spring.

**Vilas Still Improving.**  
Madison, Wis., July 30.—Col. William F. Vilas ate some breakfast and drank coffee today, and despite the hot weather, which seemed to have affected him, he maintained unusual vigor. Dr. Philip Fox says the mind of the patient is much clearer and under a general condition, a steady improvement is looked for. The patient does not speak except to answer questions with "yes" or "no."

**Lords and Commons Clash.**  
London, July 30.—Conflict between the house of lords and the house of commons broke out anew, the lords carrying the amendment which limits the operation of the old age pension bill to seven years, despite the lord high chancellor's warning that such interference with a money bill was an infringement upon the privilege of the house of commons, which would be firmly resisted.

**AUTO STRIKES POLE; ONE DEAD**  
Philadelphia, Pa., July 30.—Speeding at the rate of sixty miles an hour, a touring car crashed into a telegraph pole, killing Katherine Zeller, aged 19. The three other occupants of the car—Florence McCrea, aged 25; H. O. Johnson, and John McNeill—were buried a distance of twenty feet and were badly bruised.

## GOVERNMENT TO CONTINUE FIGHT

Bonaparte Issues Statement Regarding Standard Oil.

To Make Application For Re-Argument and Modification of Gross-Cup Opinion Reversing Landis

OTHER CASE WILL BE PUSHED

Lenox, Mass., July 30.—Every effort of the United States government will be put forth to secure a revision of the recent decision of the U. S. court of appeals in the case of the Standard Oil company of Indiana.

This statement was issued by Attorney General Bonaparte. An application for a re-argument of the case and a motion for a modification of the opinion will be made. At the same time the pending prosecutions against the Standard Oil company and all other prosecutions, for giving or receiving rebates, will be pressed for trial.

Bonaparte's statement was as follows: "The government will make every effort in its power to secure a revision of the recent decision and opinion of the circuit court of appeals for the seventh circuit in the case of the Standard Oil company of Indiana, either by the court of appeals itself, or, if necessary, by the supreme court of the United States.

"The gentlemen who have been in consultation with me unite with my opinion that in the interest of an important case, and possible consequences if our laws, such action on the part of the government is imperatively demanded by the circumstances of the case, and impossible consequences of this opinion should stand as authority without question by the government. To this end an application for a reargument of the case and a motion for a modification of the opinion will be submitted to the circuit court of appeals on behalf of the United States at the earliest possible moment."

Other appropriate steps will be taken afterward, their character to be determined by the court's action upon this application. Pending prosecutions in which the giving or receiving of rebates or offenses of a like character are charged, will be pressed to trial and judgment by the government with all possible energy and as promptly as may be practicable.

In view of the government's legal advisors, a reversal of the judgment in the case recently decided, in no way affects the merits of that controversy or the necessity, if possible in this and other cases, any individual or corporation shown to have evaded or defied the laws.

Those who participated in the conference were: Attorney General Bonaparte; Solicitor General H. M. Hoyt, of Washington; Edwin M. Sims, of Chicago; United States District Attorney for the northern district of Illinois; James H. Wilkerson, of Chicago; Sims' first assistant and Frank B. Kellogg, of Minnesota.

In this connection, Bonaparte took occasion to declare that there is no truth whatever in the published story that W. Parmelee Prentice, son-in-law of John D. Rockefeller, had given or was to give a dinner to the Attorney General, Rockefeller and Judge Grosscup.

Bonaparte says he is not acquainted with Prentice and did not know Grosscup was here until after he had left.

Rev. Diddle, D. D.—"I was grieved to see your husband walk out of the church yesterday."

Mrs. Pipp—"You must excuse John—he always walks in his sleep."

Jim—"Well, vacation time is here. Where are you going?"

Jack—"Into debt." — Brooklyn Eagle.

INVESTIGATED BY EXPERTS RELATIVE TO POSSIBLE POWER.

Senator Bankhead and Major Marks, of Nashville, Visit Site of Dam in Tennessee.

Florence, Ala., July 30.—Senator Joseph F. Johnson, Senator J. H. Bankhead, J. W. Worthington of Sheffield and Maj. Marks of Nashville passed through this city today en route to Mussel Shoals canal, where a special board of engineers is engaged in making examination of the bed of the Tennessee river, preliminary to the location of dams to be constructed for the improvement of navigation and the development of water power at that point. The examination consists of borings in the bottom of the river to find out the existence of fissures in the rock that would endanger the permanency of the dams.

The board is also expected to report on the feasibility of the government co-operating with the Mussel Shoals Hydro-Electric company in the construction of the works and the proportion of the expense to be borne by each. The operations are being watched with great interest by the people of this section, and the presence of the two Alabama senators at the works and the interest and faith in the project which they have manifested are very encouraging and strengthen faith in its ultimate success.

## LARCENY UNDER COVER OF LAW

Attempt of Electors to Get People's Party Vote.

Disapproval by Bryan Asked by Rosewater in Open Letter—Refers to Speech by Bryan.

"THOU SHALT NOT STEAL."

Omaha, Neb., July 30.—Victor Rosewater, Republican national committeeman of Nebraska, today published an open letter to Bryan asking him to disapprove of the attempt recently made to file the names of Democratic presidential electors from this state under the head, "People's Independents." Rosewater recently filed a protest in the case with the secretary of state.

This matter is an outcome of the bolt of the Nebraska delegation headed by Thomas H. Tibbles, from the St. Louis convention of the People's party which nominated Thomas E. Watson for president.

Rosewater first refers to Bryan's speech last February before the civic forum in New York whose subject was "Thou Shalt Not Steal," and in which Bryan divided theft into "Larceny in Violation of the Law," and "Larceny Through the Operation of the Law."

Says he: "I ask you, Mr. Bryan, if larceny of something more priceless than property, namely, the purchasable votes of the people, is not equally reprehensible, whether the theft is committed in violation of the law or under cover of legislative technicalities."

"Let me call your attention to the fact that if you are not already aware of it that a conspiracy is now on foot in this, your own state of Nebraska, engineered by your own brother-in-law as chairman of your Democratic state committee, for the purpose of perverting votes not intended to be cast for you, and to count them for your candidacy. In the interest of square dealing I have filed protests with the secretary of state against the misbranding of Democratic presidential electors."

"The filing of the names of the Democratic electors as 'People's Independents,' is a palpable attempt to secure votes for you by false pretenses. If this plot succeeds you will have the benefit of votes intended to be cast for Thomas E. Watson, as well as votes intended to be cast for you. If this would not be larceny of those votes, through operation of the law, I would like to know what you would call it."

"Discussing the objections to instructing convention delegates you said last January that dishonesty is

## NON-INTOXICANTS

SOFT DRINKS MADE BY LAEVISON & CO. SO DECIDED.

Judge Cross Dismisses a Case In His Court and So Deciding.

Thos. Cole was tried before Police Court Judge Cross, charged with selling liquors without a license, and as it developed he sold A. M. Laevison & Co., Crema Temperance, Dr. Fiza and other non-intoxicating beverages, and as the evidence showed that these drinks were non-intoxicating, the jury on instructions of Judge Cross dismissed the case, which clearly proves that these beverages were non-intoxicating, and the claims of A. M. Laevison & Co., were sustained, and this decision is of much importance to A. M. Laevison & Co., and their numerous customers throughout this vicinity who are handling these beverages.

## ESCAPES JAIL BY POISON.

Dave Vineyard, Who Shot Albert Boulware, Dies at Vienna.

Dixon, Mo., July 30.—While in charge of the officers last night and en route to Vienna, Dave Vineyard, who shot Albert Boulware, took poison and died within about three miles of the jail. The prisoner made a statement, just before he died, that he intended to kill Boulware and Wes Vanderpool, who was with Boulware, at the dinner table at the time of the shooting, and then to return home and kill his wife and himself. Vanderpool took the pistol from Vineyard, who then took refuge in the woods, where he was found late last night by the officers. Boulware is in a critical condition.

## IN SERIOUS CONDITION.

Joseph Chamberlain's Eyesight Affected—Returns.

London, July 30.—Joseph Chamberlain, who returned from the continent Tuesday and is remaining in London for a few days on his way to Birmingham, is reported to be in a very grave condition. His eyesight has become seriously affected. Even if Chamberlain has sufficient strength to travel to Birmingham, it is believed to be extremely doubtful if he will ever leave England again.

Many people, in speaking of Hair Restorers, have a way of bunching them altogether without discrimination. Herpicide is as different from other so-called "hair restorers" and "remedies" as day is from night. It is a scientific preparation prepared for the sole purpose of destroying the scalp microbe, that causes dandruff and falling hair.

## ON ONE STREET

COLORED FOLKS QUARREL AND INSULT EACH OTHER.

General Cussing Match and Gun Play Followed by Affair Over a Dog.

Adams street was the scene of two rounds of trouble among the colored inhabitants, and Patrolman Elmus Carter was kept on the jump, quelling hostilities. The first trouble was between Lavetta Duffy and Francis Thompson. In a dispute both are alleged to have used insulting language, and the climax came when the Duffy woman got a shotgun and opened fire. In court she explained that she did not shoot at Francis, but just fired the gun to frighten her. Judge Cross fined the Duffy woman \$10 for shooting inside the city limits, while the Thompson woman was fined \$1 for using insulting language.

The first round took place between Eighth and Ninth streets, and later in the afternoon Mollie Hayes, colored, had a row with her neighbors over someone striking her dog. Mollie denied using insulting language, while one witness swore positively that Mollie did curse and abuse her. In order to get the straight of the case Police Judge Cross continued the case until tomorrow morning, and gave the witnesses and defendants a little lecture about being so dilatory coming to court.

## STORM GEORGIA JAIL

And the Lynching of a Negro Quickly Follows.

Lyons, Ga., July 30.—Alonso Williams, a negro, who is alleged to have assaulted Miss Clara Bowen last Friday, near Ochopee, was last night taken from the Tooms county jail by a mob, carried to the woods nearby and riddled with bullets.

About midnight Sheriff Scarborough was awakened at his residence by unknown persons and the keys to the jail demanded.

Upon his refusal a guard was left at the sheriff's house, while a mob stormed the jail. An entrance was soon effected and the negro dragged from his cell. He was quickly carried to an oak grove and strung up to a tree and his body riddled with bullets. The rope around his neck was cut by the fusillade of shots and the body dropped to the ground.

For cuts, sprains, bruises, burns, rheumatism and all other pains, use McLean's Volcanic Oil Liniment. First sold in 1832, still the same effective remedy in 1908. Good for man or beast. 25¢, 50¢ and \$1.00.

Other teachers are attending the state normal school at Bowling Green, while several teachers are at the state normal school at Cape Girardeau, Mo.

## REVOLT AT GOMPERS

THIRTY-ONE LABOR UNIONS WILL NOT BE VOTED.

New York Workmen Kick; Say Domination of Federation Boss Is at an End.

New York, July 30.—A number of the labor unions of this city are in open revolt against the efforts of President Gompers, of the American Federation of Labor to force the union men to support Bryan.

It was learned that a meeting of representatives of thirty-one unions had been held in a hall in Harlem to arrange for forming a new central federated union, which will not accept dictation from Washington as to how their members shall vote.

**Fight a Secret at First.**  
At the meeting it was decided to keep secret the names of the men taking part in the movement and even the name of the hall until a permanent organization is effected. It was decided also to make the organization of the new body a provisional one pending the full revelation of the means which Gompers intends to take to swing the unions into line for Bryan.

For some time there has been a good deal of dissatisfaction among a number of the Central Federated union delegates owing to the part the American Federation of Labor has taken in its councils. Before the Central Federated union accepted a general charter from the American Federation of Labor it had autonomy in conducting its business and most of the unions in it had individual American Federation of Labor charters. In the graft investigations of the Central Federated union two political factions developed, one in opposition to the American Federation of Labor practically running the body, and the other of the hard and fast followers of Gompers, who believe implicitly in following his instructions. There are now about 250 organizations, with a membership of about 200,000, in the Central Federated union.

**Tired of Domineering Tactics.**  
A statement made on behalf of those behind the movement says:

"Ever since the Central Federated union has labored under a general charter from the American Federation of Labor that body has domineered over the Central Federated union, which is becoming a nonentity as far as accomplishing anything with the dictation of the American Federation of Labor is concerned. Before the Central Federated union was induced to accept the charter most of the individual organizations had separate charters from the American Federation of Labor. The Central Federated union did not know that it was signing away its liberty and blinding itself hand and foot on all important matters when it received and accepted this charter."

"We had one of the officers of the American Federation of Labor here with us after the charter was accepted when the Central Federated union enforced the rules of its own constitution in the suspension of unions for violating these rules, and he came to the next meeting and laid down the law by which it was learned that the Central Federated union was shorn of three-fourths of its power to act for itself and made subjects to the national unions through their representatives in the executive council."

**Will Not Vote for Bryan.**  
"Now, Mr. Gompers and his executive council say we must vote for Bryan. We will pay no attention to his explanations in his official organ. The general understanding is that the officers of the international unions represented in the executive council and Gompers want to make the union men vote for Bryan. We will accept no such dictation and the moment Gompers comes here and tries to force the unions directly or indirectly to vote as he wants or for any one he chooses to support the split will take place. There are plenty of other unions which will join us."

Watson.

## MILLIONS OF ACRES OF LAND Become Available to the Purchasers in Oklahoma.

Washington, July 30.—According to the terms of an act of the last session of Congress removing restrictions on the alienation of land owned by members of the five civilized tribes of Indians in Oklahoma, which went into effect Monday last, about 9,000,000 acres of land which has been tied up has become available to purchasers. Acting Secretary Pierce, of the interior department, today gave out the following statement showing the effect of the law:

"The act removes all restrictions from the alienation of the lands of 65,017 members of the five civilized tribes, and also removes the restrictions from all of the lands except the homesteads of 6,103 more Indians of those tribes. The first item of 65,017 includes all Indians having less than one-half Indian blood, and also the freedmen and inter-married whites. The second item of 6,103 are the members of the tribes which have from one-half to three-fourths Indian blood. The entire population of the five civilized tribes, according to the approved enrollment, is 101,227, which leaves 30,107 unaffected. The restrictions on these 30,107 Indians may be removed in individual cases by the secretary of the interior on proper showing that the Indian is qualified to take care of his own affairs. There are only about 15,000 Indians in Oklahoma outside of the five civilized tribes."

The law will go far toward putting lands owned by the Indian portion of the population of Oklahoma on a footing with that of other residents of the Territory.

## SHOOTS AT TAFT

SHANTYBOATER LETS FLY AT  
STEAMER ISLAND QUEEN.Two People Slightly Wounded By  
Flying Shot, But Candidate  
Unhurt.

Cincinnati, July 30.—The steamer Island Queen was fired on during its trip up the Ohio river last night with Judge Wm. H. Taft and the notification committee and guests aboard, and Mrs. C. B. Russell, of this city, standing on the hurricane deck, directly under the seat occupied by the presidential candidate, was struck in the face and breast by a number of small shot. She was not seriously injured. Very few of those on the steamer knew of the occurrence, and Judge Taft was not told.

A shotgun was used, being fired by a man from a shanty-boat moored to the Ohio side of the river. The identity of the shooter is unknown. The Island Queen had steamed slowly around the bend at Dayton, Ky., and was near the middle of the river, when persons leaning on the larboard rail saw a man emerge from the cabin of a shanty-boat moored on the Ohio bank and fire a shotgun. He was in shirt sleeves and wore a straw hat.

Mrs. Russell gave a scream and declared she had been shot. She was hurried into the cabin, where it was found she was not seriously injured. One of the shots had penetrated the skin over her left eye and another had struck her on the chin.

The distance from the shore was so great that the charge of shot had almost spent its force when it reached the boat. A number of the pellets pierced her dress. A young man standing by Mrs. Russell's side was also hit by one of the shot, but he was not hurt. The officers of the boat stated that they would make an investigation in order to learn the identity of the miscreant who fired the gun.

C. B. Russell said Wednesday: "I was standing at my wife's side, but none of the shots struck me. It was lucky we were not closer to the Ohio shore, I saw the man plainly, and at first thought him merely an enthusiastic celebrator. I do not like to believe that the shot was fired with malicious intent, and it may have been only chance that the spent charge struck just below where Judge Taft was sitting."

Bert Barber, of Elton, Wis., says: "I have only taken four doses of DeWitt's Kidney and Bladder Pills and they have done for me more than any other medicine ever has done." Sold by all druggists.

## CUBA'S LIBERTY

SHOULD BE GRANTED HER  
NEXT DECEMBER, SAYS  
DR. SEWELL.He Believes That Pearl of Antilles Is  
Peaceable Once Again—Mis-  
sionary Talks.

Cuba is capable of self-government, the Rev. W. E. Sewell, a missionary to that island from the Methodist church, who formerly lived in Paducah, said last night in the prayer service at the Broadway Methodist church. The withdrawal of the American government's protectorate next December, he thinks, will be safe and just and viewing the advance in intelligence and stability since Spanish-American war, there should be no necessity of the United States again taking charge. Mr. Sewell believes that not only Cuba but all South American countries will increase in stability in direct proportion to their adoption of Chris-

tian principles in their individual  
and national lives.
